

ENTRY LEVEL WEB DEVELOPER

LUCA TOBÓN

EXPERIENCE

BIKE MESSENGER, STADTSALAT GMBH; HAMBURG, GERMANY – 2019-2021

As a bike messenger for SadtSalat, I pedalled between 30 and 60 kms. a day to deliver fresh meals around the city in a safely but swiftly manner.

ELBPHILHARMONIE GASTGEBER, EVENTTEAM; HAMBURG, GERMANY – 2019-2021

In the new and most impressive theatre in Germany, I was a motivated all rounder and helped to carry the spirit of the company by attending to the guests so they could have a most enjoyable cultural experience.

LANGUAGE TEACHER, WORKSHOP INSTITUTE; BOGOTA, COLOMBIA – 2008-2009

The demand for English teachers in Colombia is very high, the candidates are greater in number, though. However, since I had lived ten years in the States I was able to stand out and bring dozens of people closer to their goal of reaching to other cultures, thus bettering their chances of making a better living for themselves through their knowledge of the English Language. I also taught French to beginners and conversational Spanish and English to high ranking professionals.

MISSIONARY, THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS; KANSAS AND MISSOURI, USA – 2006-2007

As a volunteer for this—in many ways—beautiful religion and large organisation, I got in daily contact with people from all walks of life and sold a story which I believed to be true for the first 30 years of my life. I followed a very rigorous schedule, planned by slots of 30 Minutes from 6:30 A.M. to. 22:00 P.M. I hardly ever feared rejection and very soon I got comfortable being uncomfortable. This mindset only made me smarter when making decisions and stronger when facing hardships. It also motivated me to work harder at improving my weak areas. The job before it prepared me enough for this type of routine.

SAILOR, U.S NAVY; USA AND MIDDLE EAST ON THE 2ND IRAQI WAR – 2002-2006

This had been my dream job as a kid, mostly because of the discipline required, and not because of my political views, which would hinder me today to follow a similar path. In the military I learned that hard work alone doesn't pay off. It requires the right mindset in order to make it a part of your life even after moving on to other plateaus. I still carry that mindset today: one of always doing your best, undeterred by no person and no circumstance.

SKILLS

- HTML5, CSS3, Java Script, MS Office, Sony Vegas.
- Spanish is my mother tongue, English my second–like a mother tongue–, German is my third with a C1 European level and French follows with a B2 level. Japanese, Latin and Italian get a beginners level, all with their respective certificates.
- My greatest hobby now is using all the skills I have learned for web development to create a portal in which I offer children a possibility to write stories with the types of characters they choose regardless of race, gender, ethnicity, sexual orientation, and most importantly, hinting at the possibilities of putting these characters in different non-traditional family constellations and mix of situations. Other than that I love spending time with my kids, and without sport and music I would not enjoy life fully.
